 - Team.html
 - Ortholifeactive.html
 - Goodlook.html
 - Hairoil.html
 - Style.css

B.tech Final Project

VOICE ACTIVATED PERSONAL ASSISTANT

Developed "Ghost," a voice-activated personal assistant for my B.Tech final project. Ghost simplifies tasks through speech recognition, including web searching, playing music, providing the time, managing windows, and cracking jokes. It features a user-friendly interface and a secure lock system for access.
